

Dorna Sports S.L. as organizer of the FIM MotoGP™ World Championship

Dorna Sport S.L. is a global leader in the management and organization of motorsport events, holding the exclusive commercial and television rights for the FIM MotoGP World Championship (MotoGP), since 1991.

Driven by values such as passion, innovation, talent, knowledge, commitment and excellence, Dorna Sport S.L. has the goal of being the driving force behind the sustainable transformation of motorcycle racing, increasing diversity, accessibility and involvement within the sport.

MotoGP is the most exciting sport on earth, delivering pure emotion and creating visceral experiences through raw speed, fearless riders and a global racing community. With a clear purpose of accelerating global sustainable mobility, MotoGP pioneers innovation in technology, equipment and processes, thriving on collaboration, connecting teams, fans and partners in one shared vision. Bold, committed, inclusive and straightforward, MotoGP™ represents the leading edge of entertainment and innovation in racing.

Dorna Sports S.L. – in the design, planning, execution and reporting of the FIM MotoGP™ World Championship – operates in accordance with its corporate ESG strategy, "Racing for the Future", which is structured around three pillars that guide the actions in the sport, events and organization: Planet, Everyone and Legacy.

In carrying out its activities, it also considers economic, operational, environmental and governance risks, with a view to maximizing social and economic environmental benefits, including creating job opportunities, building professional skills and supporting a responsible supply chain.

In order to pursue the continuous improvement of the sustainability performance of MotoGP World Championship events, Dorna Sports S.L. has decided to renew the certification process in compliance with the ISO 20121:2024 standard, the international standard for event sustainability management.

Therefore, Dorna Sports S.L. is committed to integrating social and environmental factors into its decision-making process, aligning its actions in accordance with:

- the principles of sustainable development, that is, the ability to meet the needs of the present without affecting the possibility of realizing those of future generations;
- the Sustainable Development Goals of the United Nations 2030 Agenda (SDGs);
- responsibility in considering its impact on people and the planet, while carrying out its activities;
- respect for human rights and compliance with national and international norms;
- ethical and transparent management of its activities and commitment to timely and transparent reporting of its activities which impact stakeholders, actively involving them and respecting their interests.

In view of the above, Dorna Sports S.L. is committed to applying and disseminating among its stakeholders the principles and values promoted by the ISO 20121:2024 standard, such as:

STEWARDSHIP

Pursue responsible, transparent and efficient resource management which also considers environmental and social impacts in its actions. Ethical resource management in design, planning, execution and reporting is achieved by: analyzing environmental and social risks and its own supply chain; drafting the sustainable development policy, periodically monitoring its ESG performance; providing training on sustainability issues; and establishing a plan of goals and actions aimed at continuously improving the environmental footprint and social impact of its activities.

INCLUSION and ACCESSIBILITY

Ensure equal opportunity, equal treatment and respect for the rights of its stakeholders, avoiding discrimination based on ethnic origin, gender, religion, nationality, sexual orientation, disability conditions, social background, in full compliance with democratic principles and tolerance. To take into consideration accessibility and usability in all project and organizational stages, to reduce any possible limitation to participation in the proposed activities.

INTEGRITY

Ensure compliance with laws, regulations and international conventions such as respect for human rights and adherence to ethical values and principles in all business and collaborative relationships. Govern organizational and decision-making processes by taking into consideration the consequences and negative impacts they may have at the environmental, social, economic and governance levels.

TRANSPARENCY

Communicate with its stakeholders in a clear, relevant, truthful, and fair manner, in compliance with the law and the principles of fairness and good faith. Finally, ensure clear and effective communication which facilitates interaction with and among organizational members.

PARTICIPATION

Manage its activities in a way which fully meets stakeholders' expectations, involving them and facilitating the receipt of useful feedback to improve its processes and activities aimed at promoting a widespread culture of sustainability.

LEGACY

Generate and preserve a positive and lasting *Soft Legacy* and *Hard Legacy* (where applicable) for the territory and its community, creating shared value which enriches the local socio-economic fabric, enhances cultural and environmental heritage, and promotes sustainable development for the benefit of current and future generations.

The present mission statement summarizes the Dorna Sports S.L. sustainability policies, goals and objectives.
